# ABOUT NETAJ

Established in 2019 by the Royal Humanitarian Foundation.

NETAJ is a transformative development project. It equips widows and orphans with valuable handicraft skills, fostering self-sufficiency and enabling them to become productive members of society.

Each NETAJ product represents the hope and resilience of these empowered artisans. By choosing a NETAJ creation, you directly contribute to their success and well-being.

# TALES OF HOPE

Losing a husband can feel like losing everything, leaving one adrift and uncertain. Yet, through my journey at NETAJ, I've found that I am no longer lost or invisible. Therefore, I've dedicated my life to tailoring and embroidery to provide the best life for my kids.

Crocheting is my enduring passion, a source of joy and fulfillment that knows no bounds. And by the grace of God, the RHF has opened doors to unexpected blessings.

Through this cherished craft, I've been empowered to make a difference, even if it's a small one, in the lives of my children.
